PREAMBLE

Dehcho First Nation Memorial Awards & Scholarships were established in 1995 by the Dehcho First Nation Leadership. It was the vision then, and continues today, that Dehcho Dene descendants confidently pursue post-secondary education. The Dehcho First Nation's goal is for our Dehcho descendants to take advantage of post-secondary education and achieve equitable representation in post-secondary institutions.

These Memorial Awards and Scholarships provides support for advancement of Dehcho Dene. The goals for Dehcho descendants are self-reliance, self-determination and well-being. This goal is achieved by supporting the education and training of our Dehcho descendants in post-secondary education. It is the hope these individuals will come home to the Dehcho to help build capacity and lead our First Nation into a healthy future.

Dehcho First Nation Leadership believes education should enable our members to confidently live and work in both Dene and western worlds, blending the traditional values of our people with the modern realities of the present. Thus, the memorial awards were established to honour and remember respected Dehcho community members and Elders. Their legacy will live on through these annual memorial awards to remind us of their hard work, commitment, vision and teachings for the advancement of Dehcho Dene, culture and way of life.

INTRODUCTION

The Dehcho Leadership believes that the Dehcho Dene can maintain the Dene world view within a western society in order to be successful in both worlds. To this end, the Dehcho Dene require the support and encouragement that will be provided by the Dehcho Memorial Awards and Scholarships.

The Dehcho Leadership strongly supports quality education and a healthy future for all Dehcho Dene descendants.

Phoebe Nahanni Memorial Award (\$12,000 Multi-Year)

This prestigious award was established to honour a young Dene woman. Phoebe was born in a bush camp outside Jean Marie River in 1947. Phoebe was raised in a traditional Dene lifestyle with a strong relationship and connection to her family, land, Dene Zhatie and culture. “Every spring I watch the formation of geese honking as they gracefully fly northward – and I long to follow them. You see, I am one of the Aboriginal Dene people. Now I live in Montreal, but my roots are in the North where I was born in a bush camp many years ago. And, like the geese, I am compelled to go back every year to my homeland.” (Phoebe Nahanni: New Internationalist Issue 226-December 1991)
