RESOLUTION #            **98-May28 #006**

Whereas our elders have given direction that land based camps should be set up to help our people learn their language and culture and create healthier people; and

Whereas The Hay River Reserve is interested in setting up such a camp at the Swat Lake area of the Cameron Hills; and

Whereas the Treatment Centre, the Dene Cultural Institute and community members of the Hay River Reserve are interested in this project; and

Whereas forestry has a camp at Swat Lake which the Hay River Reserve is interested in acquiring;

Therefore the Deh Cho First Nations leadership hereby support the Hay River Reserves initiative to acquire the camp and to use it to set up and operate their camp at Swat Lake in the Cameron Hills to provide a site for healing, workshops for regional use, and to help protect our traditional lands for the communities of Kakisa, Fort Providence, Trout Lake and Hay River Reserve.
