MACKENZIE GAS PROJECT IMPACT FUND -MGPIF

- 1. Follows Joint Review Panel (JRP) & National Energy Board (NEB) decision
- 2. If JRP & NEB recommend 'yes' or 'yes with conditions'
- 3. If pipeline companies agree to go ahead

- 4. Federal Gov't will offer \$500 million MGPIF over 10 years
 - 5. MGPIF for use in projects to ease social, cultural and economic impacts of MGP

The Dehcho & the MGPIF

- Dehcho eligible for \$150m of MGPIF
- To access MGPIF meet 3 requirements
- Report on socioeconomic conditions, MGP impacts and mitigations

- 2. Develop a region investment plan
- 3. Establish a regional corporation
- MGPIF targeted at First Nation communities

Dehcho First Nations & the MGPIF

- Dehcho First Nations
 (DFN) doing work to
 be eligible for MGPIF
 funding
- DFN's work on the MGPIF will <u>not</u>:
- 1. Compromise the Dehcho Process

- 2. Be seen as support for the MGP
 - DFN completed report on human conditions and impacts
 - DFN now developing a regional investment plan

Dehcho Regional Investment Plan (RIP)

- DFN Regional Steering Committee directing development of the Investment Plan
- Lutra Associates Ltd. and Crosscurrents hired to write the Plan
- Plan developed from community plans, presentations to the JRP and NEB, agreements and assessments about social, cultural and economic impacts from the MGP

Community Conversations

- DFN Steering
 Committee members &
 Lutra talking to
 Dehcho residents
- How should \$150 m be spent to ease social and cultural impacts from the MGP?
- Some communities, have field worker/ liaison/ organizing people
- Conversations taking place from January 14 to February 22
- Plan outline for Steering Committee end of February 2008

Spending \$150 million

- 4 priorities identified 4. Housing & in DFN's report on human conditions and impacts:
- 1. Population & **Employment**
- 2. Social & Community Wellness
- 3. Traditional Culture

- Community Infrastructure
- Requirements also set down in MGPIF conditions made worse or new issues due to MGP, no duplication, and regional approach

How Would You Spend \$150 million

- Consider social and cultural change expected from the MGP - cost of livingdysfunctional behaviours, safety issues, quality of life, traditions, sense of place, etc.
- Who will be most negatively affected?
- How can the MGPIF be used by people to buffer negative effects of the MGP?
